Sr. No.	Bid clause	Queries	ISP Reply
01	Clause no. ATC 6 Price variation clause:	Please explain this clause ATC 6 Price variation clause as it is new to us	Detailed explanation with example mentioned at ATC clause No. 06. However, following may be read as under: b is the assigned percentage to the labour element in the Contract Price = 10 c is the assigned percentage to the Foreign Exchange element in the Contract Price= 10 instead of: b is the assigned percentage to the labour element in the Contract Price = 10 b is the assigned percentage to the Foreign Exchange element in the Contract Price= 10
02	ATC 8 ii: In case of any kind of rejection, during and after printing stage, rejected material shall not return to supplier.	We understand that after security printing the material becomes security material, so can't be returned to supplier. This can be heard despite of financial loss to Supplier Company. But as you can see in next clause ATC 8 iii;	Corrigendum will be issued. Understanding of the bidder regarding ATC 8 Note ii is correct.
03	ATC 8 iii: In case of any kind of rejection before printing stage, unused rejected material shall be returned to supplier only after corner cutting/punching/ rejection marking	In that situation supplier will replace the material without any charges to ISP, Nashik and then it's the ISP responsibility that the unsuitable material unprinted return to supplier in same condition as received without any corner cutting/punching/rejection mark,	No change, as per tender condition.
